For Modification of Facilities)	
for Station KATY-FM, Idyllwild,)	
California)	

To: Administrative Law Judge
Walter C. Miller

**ENVIRONMENTAL ASSESSMENT
OF KAY SADLIER-GILL**

Kay Sadlier-Gill, by her attorneys, hereby submits her Environment Assessment ("EA") pursuant to the Hearing Designation Order ("HDO") in the above-captioned proceeding, DA 92-1733, released January 21, 1993, stating as follows:

The HDO stated that Ms. Sadlier-Gill must file an EA with the presiding Judge in view of the fact that her application failed to indicate how workers engaged in maintenance and repair of her broadcast facility would be protected from exposure to levels of Radiofrequency Radiation in excess of those exceeding the Commission's safety guidelines. See, HDO at Paragraphs 2 and 9. Accordingly, there is submitted herewith the certified statement

No. of Copies rec'd
List A B C D E

0+6

of the applicant which satisfies the concerns expressed. Consistent with the directive of the HDO, a copy also is being filed this date with the Chief, Audio Services Division.

Respectfully submitted,

KAY SADLIER-GILL

CERTIFICATION

Kay Sadlier-Gill hereby states as follows:

I am licensee of FM broadcast station KATY-FM, Idyllwild, California, and have filed an application to modify the facilities of that station. My proposed transmitter will be located on a mountain ridge at the end of a road, at a site which is not used by the general public. The calculations submitted with my application show that persons on the ground at the site would not be exposed to excessive radiofrequency radiation from the KATY-FM antenna. Warning signs also will be posted at the site and a chain link fence with a locked gate will be used to restrict unauthorized access to the tower, where excessive radiation may occur. When authorized persons have access to the tower, KATY-FM's transmitter power will be reduced or shut off entirely as necessary to protect them from excessive radiofrequency radiation as outlined in OST Bulletin No. 65.

I hereby certify that the above statement is true and correct under penalty of perjury. Executed this 8th day of February, 1993.

Kay Sadlier-Gill
